

hot off the press...

SUNDAY

"We're all world changers," says Delirious? frontman Martin Smith.

In an exclusive interview with *hot off the press* Delirious? frontman Martin said you're never too young to be passionate about God. Explaining his passions, he said: "I suppose I'm really passionate about music, after all these years I still love it. I'm passionate about my wife and kids and love being around them. And I'm just passionate about seeing the church fired up. Whatever denomination or background it doesn't matter, it's about being fired up to be what we're supposed to be.

Children aren't too young to grasp that and know we're all the world changers. God has entrusted us with that job."

It's the first time Delirious? have ever performed at a GB/BB event and tonight's performance comes after a week which has also seen them performing in Croatia, Germany and Zurich.
